MAINE S T A T E CHAMBER *of* COMMERCE

ABOUT THE MAINE STATE CHAMBER

As the state's most influential business advocate, the **Maine State Chamber of Commerce** works to ensure a business climate in which Maine State Chamber members, large and small, can compete successfully in the local, regional, national, and world marketplaces.

Since 1889, the Maine State Chamber has been fighting to lower your cost of doing business. Through our Grassroots Action Network and OneVoice program, we work with a network of approximately 5,000 companies statewide that see the value in such a service and provide the financial support that keeps our access, advocacy, and assistance efforts going strong. As Maine's Chamber, we make sure that the business environment of the state continues to thrive. The Maine State Chamber of Commerce advocates on behalf of their

interests before the legislature and regulatory agencies and through conferences, seminars, and affiliated programs. Its advocacy efforts focus on seven central themes: tax reform, health care, energy/environment, workers' compensation, economic development, education, and government spending/budget.

Known widely as *The Voice of Maine Business*, the Maine State Chamber is a not-for-profit organization supported through membership dues and contributions. Our staff testify before the Maine Legislature and the state's regulatory agencies; intervene in adjudicatory hearings; draft business-oriented laws and rules; meet regularly with business and state decision-makers; and, keep members informed through newsletters, emails, alerts, reports, conferences, programs, seminars, and through personal contacts.

ABOUT MACCE

WWW.MAINECHAMBERSUNITED.COM/INDEX.HTM

The **Maine Association of Chamber of Commerce Executives (MACCE)** provides a forum where chamber executives meet to share ideas, network with peers, and build partnerships with other chambers of commerce across Maine. Members gain access to educational opportunities designed specifically for the needs of Maine's chamber of commerce executives through two yearly conferences, typically in May and October.

For decades, the Maine Association of Chamber of Commerce Executives has been a leader in promoting personal development and professionalism within the field of chamber of commerce management. The association has provided job-related educational programs for chamber presidents, executive directors, and members of the boards of directors of local chambers. This has occurred in group settings and through individual

visits to specific chamber locations.

In addition, MACCE encourages professional development and offers scholarships to the U.S. Chamber of Commerce's Institute for Organizational Management. Through the organization, members gain access to other professional development opportunities designed specifically for the needs of chamber of commerce executives.

MACCE has added a staffed director position in 2009, which allows the organization to offer even more support to local and regional chambers. MACCE succeeds in part due to the strong and consistent support of the Maine State Chamber of Commerce.

For more information about the MACCE or to join, please visit www.mainechambersunited.com or contact Mike McLellan, MACCE director, by calling (207) 623-4568, ext. 21, or by emailing macce@mainechamber.org.

ALLIANCE OF MAINE CHAMBERS A PROGRAM OF THE MAINE STATE CHAMBER

The **Alliance of Maine Chambers** is unique within the chamber industry in the United States. It not only offers increased membership benefits to our existing members, but it also provides prospective members an added incentive to join. The Chamber Alliance has intentionally crafted programs for Maine's small businesses to provide them with the same advantages of chamber membership that larger companies enjoy. In fact, through the Alliance program, small businesses that are currently members of a local chamber can join the Maine State Chamber at a special rate.

The Chamber Alliance program is designed to provide businesses with savings, discounts, and resources, which otherwise wouldn't be available. These programs provide some relief or benefit to both large and small businesses.

Since the spring of 2000, the Alliance has grown in membership from 22 to 50 current members. A partnership project with local and regional chambers of commerce, this alliance represents more than 17,100 businesses throughout Maine.

*Program participation requirements are current as of press date and may change without notice.

CHAMBER BLUEOPTIONS
A PROGRAM OF THE MAINE STATE CHAMBER

The **Maine State Chamber Purchasing Alliance, Inc.** is offering small businesses with 2 to 50 employees, as well as self-employed people, exclusively to members of a local or regional chamber of commerce a suite of eight health plans called Chamber BlueOptions. Included are three preferred provider organization (PPO) with different deductibles and coinsurance levels, an HMO and two Health Savings Account plans (HSA).

The Chamber BlueOptions product offers eight insurance plans from which each employee may choose, with only 60% of eligible employees being required for group coverage.

In addition, Purchasing Alliance employers can qualify for a 3% discount on annual premiums if they undertake certain wellness activities. The 3% discount would become available at employers' annual renewal for groups of 15-50 employees.

Businesses can obtain a quote by contacting Anthem Blue Cross and Blue Shield producers. A complete list is available online at www.mainechamber.org by clicking on the Chamber BlueOptions icon and selecting "Find a producer." Additional contact information is provided on page 4 of this booklet.
